

**Robi**®  
COMPACT LINE

**CABLE BUCKET SB**

Robi cable buckets have been designed for digging ditches for cables or pipes. The bucket's long profile allows it to work close to objects.

**Ramtec**  
ATTACHMENTS

**CABLE BUCKET CB**

**Wear resistant material.**

High quality steel is utilized in all high wear components. A rigid top section assures structural stability.

Bottom wear straps provide extra reinforcing.

Buckets are designed with tapered side plates to reduce wear on the buckets sides, and to allow for easier dumping.

Overlapping plate reduces stresses in critical areas.

Deep profile for high capacity.
