SORTING BUCKET SB

Wear resistant material.

High quality steel is utilized in all high wear components. A rigid top section assures structural stability.

Buckets are designed with tapered side plates to reduce wear on the buckets sides, and to allow for easier dumping.

Overlapping plate reduces stresses in critical areas.

Reinforced grid design and deep profile for high capacity.

MODEL	SB S40-1300-300L	SB S40-1300-300L	SB S45-1500-400L
Adapter	S40	S40	S45
