LOG GRAPPLE LG

For very long objects (over 7 meters) there are available special models.

During the 45 years of history, many custom designs log grapples have been produced, for example, with different widths.

The Hytera wholesale grapple is made of special high-modulus steel and HB500 high-strength steel.

Optimal round shape and smooth filling of the grapple. The forks have 1 cm high grips to hold the logs in place.

An additional flap is available as an option when the products are filled.

Available with wheel loader quick coupler and pin connectors.

MODEL	LG13	LG19	LG24	LG28	LG32	LG35
Wheel loader (t)	10-13	13-16	16-19	19-24	22-26	24-30
